This matter was opened to the New Jersey State Board of Nursing (" Board") upon receipt respondent's petition for an order formally memorializing the removal of restrictions and limitations imposed on respondent's nursing license pursuant to a

Consent Order filed on June 9, 2011. Pursuant to that order, respondent was required to participate in the Recovery and Monitoring Program of New Jersey (RAMP), following a conviction on July 21, 2009 on charges of assault by auto and driving while intoxicated. Respondent had been sentenced to two years probation on those criminal charges.

Respondent successfully completed her participation in the RAMP program on September 2, 2011, and has received a letter of notification to that effect. Consequently, as of that date, pursuant to the terms of the 2011 Consent Order, respondent was no longer subject to the limitations and restrictions imposed by that order.

Accordingly, the Board finding that the entry of the within order is appropriate, and for other good cause shown;

IT IS on this 4<sup>th</sup> day of August, 2012

HEREBY ORDERED that:

1. Respondent is hereby released from the limitations and restrictions imposed pursuant to the June 9, 2011 Consent Order, and respondent's nursing license is no longer subject to restriction or encumbrance.
